

Workshop Notice

*Volunteer Water Quality Monitoring
Introductory Level*

Would you like to learn about the physical, biological, and chemical aspects of streams? Have you always wanted to know what spineless critters live at the bottom of a stream? Now is your chance!

The Stream Team Volunteer Water Quality Monitoring (VWQM) program is a cooperative effort between the Missouri Departments of Conservation and Natural Resources and the Conservation Federation of Missouri to involve citizens in water quality monitoring. The objectives of this program are to educate people about the condition of Missouri's aquatic resources, establish an extensive water quality monitoring network, and provide a knowledge base that citizens can draw upon to be advocates for improved water quality in streams. As interest and expertise increase, volunteers can receive advanced training to learn more about streams and become more proficient at monitoring.

These one-day workshops are free and consist of six (6) hours of classroom instruction and two (2) hours on a stream to demonstrate sampling methods, get wet, and learn about aquatic life. The level of material presented is not designed for children; however, older youth accompanied by an adult are welcome. If you attended a VWQM Workshop in the past but would like to refresh yourself on water quality monitoring procedures, you are invited to register and attend.

The only requirements for attending a workshop are a sincere interest in water quality, a commitment to attend the entire workshop, and a willingness to periodically monitor a stream.

TO REGISTER:

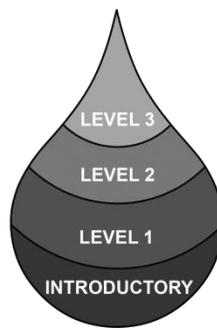

Complete the online registration form at mostreamteam.org*
or fill out and return the attached form.

You will receive a confirmation letter and directions after the registration deadline date.
Class size will be limited to 30 people per workshop and is filled on a first-come, first-serve basis.
Individuals under 18 years of age must be accompanied by a sponsoring adult to attend.

For more information about registration:

Molly Vannoy, Missouri Department of Natural Resources

StreamTeam@dnr.mo.gov

**Please use Internet Explorer when registering online. Our online forms currently will not display correctly on other internet browsers, resulting in the workshop list not populating with all available classes.*

LEVELS OF VOLUNTEER WATER QUALITY MONITORING

Introductory Training

- Watershed approach and mapping
- Selecting a monitoring site
- Calculating stream discharge
- Biological monitoring and macroinvertebrate identification

- *Prerequisites: none*

Level 1 Training

- Water chemistry monitoring
- Stream visual survey
- Macroinvertebrate review

- *Prerequisites: Introductory training, submission of initial site selection form with map, stream discharge and biological monitoring data sheets*

Level 2 Training

- Quality assurance and quality control (QA/QC)
- Verify sampling methods
- Check condition of monitoring equipment

- *Prerequisites: Level 1 training, submission of two seasons of stream discharge, biological monitoring, visual survey, and chemical monitoring data sheets*

Level 3 Audit

- On-site QA/QC
- Verify all sampling methods and macroinvertebrate identification

- *Prerequisites: Level 2 training, submission of 12 collections of all data*

**VOLUNTEER WATER QUALITY MONITORING
INTRODUCTORY
2020 WORKSHOP SCHEDULE**

WORKSHOP LOCATION	DATE & TIME
Springfield: MDC Southwest Regional Office 2630 N Mayfair Avenue	Saturday, March 7 8:30 a.m. to 5:00 p.m. <i>Register by Wednesday, February 26</i>
Joplin Shoal Creek Conservation Education Center 201 Riviera Drive	Saturday, March 14 8:30 a.m. to 5:00 p.m. <i>Register by Wednesday, March 4</i>
Wildwood Babler State Park 800 Guy Park Drive	Friday, March 20 8:30 a.m. to 5:00 p.m. <i>Register by Tuesday, March 10</i>
Wildwood Babler State Park 800 Guy Park Drive	Saturday, March 21 8:30 a.m. to 5:00 p.m. <i>Register by Wednesday, March 11</i>
Rolla The Centre 1200 Holloway Street	Saturday, March 28 8:30 a.m. to 5:00 p.m. <i>Register by Wednesday, March 18</i>
Columbia 4-H Center for Youth Development 1110 S College Avenue	Saturday, April 4 8:30 a.m. to 5:00 p.m. <i>Register by Wednesday, March 25</i>
Doniphan Doniphan Community Center 105 Washington Street	Thursday, April 9 8:30 a.m. to 5:00 p.m. <i>Register by Monday, March 30</i>
Saint Charles MDC Saint Louis Regional Office 2360 Hwy D	Wednesday, April 15 8:30 a.m. to 5:00 p.m. <i>Register by Sunday, April 5</i>
Blue Springs Burr Oak Woods Nature Center 1401 NW Park Road	Saturday, April 18 8:30 a.m. to 5:00 p.m. <i>Register by Wednesday, April 8</i>
Kirkville MDC NE Regional Office 3500 S Baltimore Street	Saturday, April 25 8:30 a.m. to 5:00 p.m. <i>Register by Wednesday, April 15</i>

- You can register for the workshop at mostreamteam.org.
- Attendance will be limited to 30 people per workshop.
- Registration form must be returned by the deadline to be registered.
- Confirmation and directions to the workshop will be mailed to registrants prior to the workshop.

For questions about the workshop, call 800-781-1989.

The Stream Team Volunteer Water Quality Monitoring Program makes every effort to provide ADA accessible programs, however some aspects of this activity may not be suitable for those with certain disabilities. People with disabilities requiring special services or accommodations to attend the training can make arrangements by calling 573-526-7838 or by writing two weeks in advance of the training to: Department of Natural Resources, Water Protection Program, PO Box 176, Jefferson City, MO 65102.
